*In the box below, please describe if you want to make any changes to the pattern you have chosen. You may change the width, number, location etc. of stripes to your own specifications. It can be cost efficient by striping only the body or the sleeves and/or eliminating pockets. If you would like the pattern to be different on the back of the sweater please describe. Disregard any patches and lettering. You are just picking your general pattern.*

## Pick Your Colors

We suggest no more than 3 or 4 colors. Other colors are available, please contact us if your color is not indicated. (Actual colors may vary)

**Body Color** - This is the color that covers the majority of the sweater.

**Second Color** - This is the color of the largest stripes.

**Accent Color** - This is the color of the smallest stripes or accents.

**Collar and Button Boarder** - This is the color of the collar and the button border (placket) running down the center of the sweater.

**Button Color** - This is the color of the buttons.

**Pocket Color** - This is the color of the front welt of the pocket. In most designs it is left the same color as the background.

**Sleeve Stripes** - You may choose to have a stripe pattern on one, both, or neither of the sleeves.

# Pick Your Lettering

## Chenille Lettering (looped yarn)

A Chenille Letter or looped yarn patch is the large school letter(s) usually on the left front breast of the sweater. The most popular style is a chenille 5 - 6 inch full block letter. However, you may choose from any of the styles shown below ranging from 2" - 8" and place the letter or letters on the front or back of the sweater. Embroidered (sewn in) letter(s) are also available.

**Letter Style** - Choose one of these styles for your letter.

Fancy Block

Old English

Plain Block

Script

**Letter Size** - From 2 - 8 inches.

**Location** - Where you would like the letter on the sweater.

**Letter(s)** - The letter(s) you want to display

**Direction**

**Main Chenille Color**

**Felt Background Color**

## Embroidered Lettering (sewn in)

This is typically the NAMES, OFFICES, TITLES, and/or WORDS (text) on the front and back (Sewn in Embroidery). If this is a group order then names and titles etc. may differ so only list text that is the same for the entire group. After submitting your group order we will work out the individual sweater details. You may choose more than one font style for different text. Usually the text on the front is 1 - 1 1/2 inches in size and the text on the back is 1 1/4 - 2 1/2 inches (it can be larger).

### Year Date

*Many people put a year date on the sleeve or the body of the sweater. This can be the year you graduate, the year you are in office, or just a year you want to recognize. It can be made in a 2 - 3 inch chenille patch or 1 - 3 inch sewn embroidery. If you do not want a year date leave the following blank. If you choose to place a chenille year patch on the sleeve, we recommend only using two digits in a 2 - 3 inch size. If you want four digits we recommend it embroidered.*

### Mascot

*Because of the detail, different colors and labor involved, putting a mascot on your sweater can raise the cost considerably. Usually there is also a pattern charge. We do have some patterns such as paws, drama masks. etc. already digitized. The mascot patch can either be in chenille, embroidered or a combination of both. If you want a mascot please email us a picture and send to Jan at [pickmyknit@yahoo.com](mailto:pickmyknit@yahoo.com)*
